Mobile, Alabama 36606

Dear Fellow Organizer,

We also offer the most innovative Professional Organizer Directory available. This Directory offers you the ability to run audio or video commercials from your Organizer Premium Profile page. Show **your** personality and create targeted marketing opportunities for your business growth.

As an Organizer for over 17 years, I have learned a lot at conferences and through the teachings of others. Because I've "been around a while", I decided it is now time for me to give back to our Association. For the past year, my team and I have been working on an affordable way for Organizers to expand their client base and develop monthly residual income.

I've used many types of products and software, working against the limitations placed on the various systems by other developers. Because of these issues, I began to ask lots of questions of my clients and also of other Organizers. We have developed what I believe to be an excellent product line for you to use as well as to offer to your Commercial and Residential clients.

MobilLogic® and StuffLogic™ have been built with my fellow Organizers and our clients in mind. Each is easy for you to offer to your clients through your e-mail signature, your organizing web site, and your social networking tools. You do not have to be tech savvy or know how to install software. Training and tutorials are available on the web so that your client may learn any time they choose.

Our Beta testers call MobilLogic® "Intuitive" and describe it as "A True Turn Key Solution". There is no software to install on a hard drive and it is web accessible on PC and MAC.

If you prefer, develop your own special way of teaching the applications in person and via web using your organizing methods and Expand Your Client Base because you now have a web based organizing solution for Commercial and Residential clients. Geography is no longer a limitation for you!

We are pleased to offer Professional Organizers FREE training, NO COST to join a group, and A FREE LISTING on the LeeLogic™ Professional Organizer Directory.

If you would like to discuss your ideas with me, please call and I will be happy to help you develop a plan to use this great organizing tool.

Sincerely,

Lee R Donald
